COPENHAGEN B., 33, VESTERGADE February 28th 1914.

Messrs. The Siam Cement Company Ltd.,

B a n g k o k .

Dear Sirs,

Before starting your factory it will be necessary for you to have a laboratory with complete outfit installed for testing raw materials, oil and cement.

We have to-day the pleasure to send you a specification of this outfit as we should think necessary for the laboratory, and ask you to examine this list carefully.

You will note that we have embodied in this specification one gas generator at a price of Kr. 650,-. This generator is of course unnecessary, if you can get gas from some local gas works.

If it should be difficult for you to buy the apparatuses specified in our list, we should be very glad to order all these

SHEET No. 2.

things for you, and have them sent on to Bangkok. We should at the same time be able to discuss the matter with your future chemical engineer. If he should want any alterations made or some further material, we have entered into our specification a sum of Kr. 700,- for unforeseen expenses.

If you should want us to supply you the named outfit, please give us your consent to send you the outfit or part of the same at the prices specified in our above named list.

We should be glad to receive your order as soon as possible because it will take some time to get this complete outfit together and ready for shipment.

Awaiting your further news about this matter, we remain,

Yours truly,

F. L. Smidth & Co.
